COUNTY OF SAN DIEGO FINAL LANDSCAPE INSPECTION FORM

Project Landscape Architect Name:
Firm Address and Phone Number:

County Project Case Number: LP____-____

Project Address:

- 1) According to the Condition of the permit (and Section 6717d of The Zoning Ordinance), "Submit to the Director of Planning and Land Use, a statement from the project California licensed landscape architect that all landscaping has been installed as shown on the approved landscape planting and irrigation plans."

California Licensed Landscape Architect. I certify that all the landscape has been installed according the approved landscape and irrigation plans.

California Licensed Landscaped Architect
License Number and Stamp

- 2) California Licensed Landscape Architect. All the landscape and irrigation was not installed according to the approved landscape and irrigation plans. The following changes have occurred. (Please list all changes that have occurred. Attach additional sheets if necessary.)

California Licensed Landscape Architect
License Number and Stamp

Should there be changes in the plans exceeding 10% of the entire projects landscape and irrigation as shown on the approved plans, this is significant and would be considered a modification. Therefore, a revised landscape and irrigation plan, with the appropriate review fee, will be required for submittal, review and approval. This review will place a hold on the final occupancy certification. Approval of the installed (as built) landscape and irrigation may not be approved. Projects may have conditions or other elements that are required and have not been incorporated in the installed landscape.
